IBL Group
Internship

Dear IBL Group,

I am writing to express my interest in the internship opportunity at IBL Group. As a motivated and enthusiastic Computer Science student at Middlesex University Mauritius, I am eager to apply my skills and gain hands-on experience in a professional setting, during my semester break from 11 April 2024 to Mid-September 2024.

Throughout my academic journey, I have developed a strong foundation in computer science principles and programming languages, with coursework encompassing database management, and engineering methodologies. Additionally, research and presentations skills amongst others, have equipped me with practical skills applicable to real-world projects.

I am highly adaptable and thrive in fast-paced environments, as demonstrated by my ability to lead a group for a debate on ethnicity, for one of my modules. I am confident that my academic background, technical skills, and passion for technology make me a strong candidate for the Internship position at IBL Group.

Thank you for considering my application. I am looking forward to the opportunity to discuss how my background, skills, and enthusiasm align with the internship position at IBL Group. I am available for an interview at your earliest convenience.

Sincerely,

Mehtaab Andoo.
