MEHTAAB ANDOO
Computer Science

Beau Bassin, Mauritius| (+230) 59891257| mehtaab1603@gmail.com

Profile

· I am a dedicated and flexible computer science student with excellent time management skills. I thrive in both collaborative team settings, contributing ideas and learning from others, as well as independently solving problems creatively. I am ready to embrace the challenges and rewards of gaining practical experience in the corporate field. I express my creativity through content creation using different platforms.
